EAN Newsletter editorial board

The European ALARA Network produces the ALARA Newsletter, which is widely distributed throughout Europe and other countries, to provide a link between all those concerned with ALARA, including health physicists, managers, radiation protection organisations, research bodies, regulatory bodies, trade union representatives and the medical sector.

This Newsletter intends to reflect some major aspects of the ‘ALARA life’: the evolution of regulations, results of research, description of existing databases, ALARA programmes, available ALARA tools, the need for ALARA improvements, lessons learnt from incidents, and recommendations.

The content of the ALARA Newsletter has mainly been provided by EAN representatives. However, the EAN Newsletter editorial board has decided to also encourage recipients of the Newsletter to submit articles for inclusion in future issues.

Submissions

Submitted articles should aim to fit with the current editorial line of the Newsletter and will be selected on that basis. Examples can be found at: <http://www.eu-alara.net/index.php/newsletters-mainmenu-37.html>

Proposal should be written in English language and submitted electronically in .doc format to sylvain.andresz@cepn.asso.fr

Please do mention “EAN_Newsletter_proposal” in the subject of your message. □
